Appendix C – Pricing Index State of Texas DIR-SDD-1779

Definitions:

Attainment Tier: The range of total Government Subscriber voice and data lines, and M2M Line with a monthly access fee of \$34.99 or higher, that are activated under the resulting Agreement at any time, including the lines of participating parents and affiliates as per the "Purchases by Parents and Affiliates" section in the resulting Agreement. Customer's initial Attainment Tier is indicated in the checked box below.

Government Subscriber: An employee of Customer utilizing Wireless Service whose account is set up in Customer's name and for which Customer bears payment responsibility.

Equipment: Wireless telephones, data modems and similar devices and ancillary accessories used in conjunction with Wireless Service.

Wireless Service: Each and every radio service provided directly or indirectly by Verizon Wireless.

Eligible Plan(s): Any generally available Verizon Wireless voice, data or M2M plan with a monthly access fee of \$34.99 or higher that does not prohibit discounts.

Eligible Data Feature(s): Any generally available Verizon Wireless data feature with a monthly access fee of \$24.99 or higher, added to an Eligible Calling Plan, that does not prohibit discounts.

Machine to Machine Service ("M2M Service"): M2M refers to use of the Wireless Service for the transmission of data between wireless devices and computer servers or other machines, or between wireless devices, with limited or no manual intervention or supervision.

M2M Line(s): An individual line of M2M Service used under this Pricing and Equipment Proposal which is set up in Customer's name and for which Customer bears responsibility.

Plans, Features, Rates and Charges: The voice, data or M2M plan and any options, features or applications that are selected by the Customer determine the applicable rates, charges, allowance of minutes or megabytes and Wireless Service coverage area for each line. Some plans may have restrictions on the type of Equipment that can be activated on them. Information about retail plans, options, features, and applications (*i.e.*, those that Verizon Wireless makes generally available to consumers or business customers) and their terms and conditions may be obtained at Verizon Wireless stores, on verizonwireless.com or from Verizon Wireless business sales representatives. The voice, data or M2M plan monthly access fees and non-promotional allowance of minutes and/or megabytes for each line will not change during the Line Term as long as Customer does not change plans on that line. Other rates, charges and fees, including but not limited to charges for options, features, applications and 411 Connect, may be changed following 30 days' written notice. Verizon Wireless may discontinue any retail plans, options, features and applications for new activations without notice. If Customer changes or upgrades Equipment, Verizon Wireless may require it to change to a then-current plan that is compatible with the changed or upgraded Equipment. Customer may not activate Equipment purchase at a discount from Verizon Wireless on M2M Lines. Government discounts and pricing may not be available to purchases made through agents or at retail store locations.

Term of Lines ("Line Term"): The term for each line (the "Line Term") begins on the date Wireless Service is activated for that line and continues for the period required by the calling plan or Equipment selected for that line (usually 1 year). Line Term extensions are required when Customer: (a) takes advantage of promotions or services that require a Line Term extension; or (b) purchases or upgrades Equipment except for ancillary accessories used in conjunction with Wireless Service. When the Line Term expires, Wireless Service continues on a month-to-month basis. Activation fees are waived for Government Subscribers on voice and data plans and for M2M Lines.

Early Termination Fees ("ETF"): ETFs are waived for Government Subscribers.

M2M Management Center: The Machine-to-Machine Management Center ("M2M Management Center") provides Customer with the ability to remotely monitor and manage its M2M devices. If Customer desires to access and use the M2M Management Center, it must so request in writing, and Verizon Wireless shall provision the M2M Management Center on Customer's account. Applicable rates and charges, if any, shall be set forth in this Addendum. The M2M Management Center may be provided by Verizon Wireless' third party supplier nPhase. The set-up time is estimated to take four to six weeks. The rights granted to Customer herein for access to and use of the M2M Management Center are specific to Customer and may not be transferred to another party without Verizon Wireless' prior written consent. Verizon Wireless and nPhase retain full and exclusive ownership of all intellectual property rights associated with the M2M Management Center including any alterations, modifications, improvements and derivative works thereof. The limitation of liability, limitation of damages and disclaimer of warranties sections of the Agreement apply to nPhase and to services provided hereunder by nPhase.

1. ENTERPRISE MESSAGING: In order to protect its network and safeguard subscriber privacy from unsolicited (spam) or objectionable text messaging, Verizon Wireless employs protective measures, including aggregate message volume limits, content filtering, and speed of service limitations on publicly accessible Internet messaging gateways. Verizon Wireless Enterprise Messaging service allows enterprise accounts to send aggregate text messages to other Verizon Wireless subscribers while reducing potential delays related to these protective measures.

2. REQUIREMENTS AND RESTRICTIONS: Enterprise Messaging is only available to Customers with at least one hundred (100) active Government Subscribers. Verizon Wireless will provision a Pilot Mobile Phone (described below) and provide access to the Enterprise Messaging Access Gateway (EMAG) online portal to set up and manage the service. Enterprise Messaging can only be used to send messages to Verizon Wireless subscribers. Customer must (a) establish an opt-in process that effectively captures each subscriber's consent to receive Customer's messages, informs subscribers of the nature and scope of Customer's messaging campaigns and any financial obligations ("Standard Messaging Charges Apply") associated with the messaging; (b) maintain opt-in records for a minimum of six (6) months from the date of a subscriber's opt-in consent; and (c) immediately comply with subscriber opt-out requests such as STOP, END, CANCEL, UNSUBSCRIBE, or QUIT in compliance with Mobile Marketing Association (MMA) guidelines (www.mmaglobal.com). Customer can use compatible, properly configured SNPP, WCTP, XML, and SMTP messaging protocols, for which it is solely responsible, for maintaining facilities to monitor its messaging operations or the EMAG portal, to send up to fifteen (15) text messages per second to subscribers. Provision of the EMAG service does not obligate Verizon Wireless to support variations of

these protocols, whether those variations are optional within the published protocols or are variations to the published protocols. Customer agrees that: (a) its messaging will comply with applicable industry guidelines (e.g., MMA's Best Practices and CTIA's Wireless Content Guidelines) and Verizon Wireless content standards (www.verizon.com/contentpolicy) as they may be updated from time to time; (b) it will not send messages containing executable files or links to other content or premium or similar messages that require a subscription or surcharge; (c) it will not install, deploy, or use any hardware, firmware, software, or other technology or technique to circumvent Verizon Wireless' messaging network operations protections except as granted under this agreement; and (d) it will not send any objectionable material via Enterprise Messaging or advertise, promote, distribute, or use objectionable material in connection with Enterprise Messaging (for purposes of this agreement, objectionable material includes, but is not limited to material that: (i) is prohibited by any applicable law, rule, or regulation; (ii) contains anything that is obscene or indecent or anything with strong sexual, explicit, or erotic themes or that links to such content; (iii) contains hate speech; (iv) contains excessive violence; (v) contains extreme profanity; (vi) contains misleading or fraudulent claims; or (vii) promotes or glamorizes alcohol abuse, illegal drug use or use of tobacco products). Consistent with prevailing standards in other content distribution mediums, content in this category that does not satisfy the above may be distributed if included in the context of artistic, educational, medical, news, scientific, or sports material. Customer agrees that its use of Enterprise Messaging will comply with any applicable local, state, national, and international laws and regulations.

3. LIMITATIONS: Wireless phones use radio transmissions which by their nature do not permit the delivery of text messages when the wireless phone is not in range of one of Verizon Wireless's transmission sites or a transmission site of another company that has agreed to carry the calls of Verizon Wireless customers, or if there is insufficient network capacity available to handle the message at that moment. Even within a coverage area, there are many factors that might interfere with the delivery of text messages, including the subscriber's equipment, terrain, proximity to buildings, foliage, and weather. Verizon Wireless also does not own or control all of the various facilities and communication lines between Customer's site and Verizon Wireless Enterprise Messaging access point. Due to these natural and technological limitations and the limitation in the number of messages that can be sent (up to fifteen (15) per second), ENTERPRISE MESSAGING SHOULD NOT BE USED AS THE SOLE MEANS TO SEND MESSAGES THAT CONTAIN INFORMATION THAT IS ESSENTIAL TO THE PROTECTION OF LIFE OR PROPERTY, OR IS MISSION ESSENTIAL OR CRITICAL IN OTHER WAYS.

4. CUSTOMER'S ENTERPRISE MESSAGING CONTACT: Customer agrees to provide contact information including a phone number and email address to Verizon Wireless of an Enterprise Messaging contact or contacts, who shall be available during business hours and any other time period that Customer utilizes Enterprise Messaging for the purpose of assisting to resolve service matters and trouble shooting. Customer must provide written notice of changes to contact information fourteen (14) days prior to such change(s).

5. PILOT MOBILE PHONE: Verizon Wireless shall provide Customer with one pilot mobile phone at no charge to manage password setup and resets. Customer should safeguard the pilot mobile phone in case password resets are needed as Verizon Wireless must rely on regular mail delivery of password resets if the phone is not available (password resets cannot be given over the phone or sent via email). This pilot mobile phone will not be capable of making any voice calls. Customer shall promptly notify Verizon Wireless if the pilot phone is lost, damaged, or stolen. Verizon Wireless reserves the right to charge Customer for replacement phones.

6. IP ADDRESSES: Enterprise Messaging will be available for up to fifteen (15) public static IP addresses for each messaging protocol the Customer uses. Customer's Authorized Enterprise Messaging Contact shall provide the IP addresses and updates to the addresses in writing on a form provided to Customer by Verizon Wireless. Dynamic IP addresses and IP address ranges are not permitted.

7. TERMINATION OF SERVICE: VERIZON WIRELESS CAN, WITHOUT NOTICE, LIMIT, SUSPEND, OR CANCEL CUSTOMER'S ACCESS TO OR USE OF THE ENTERPRISE MESSAGE SERVICE OR EMAG IF CUSTOMER VIOLATES THE RESTRICTIONS HEREIN OR FOR GOOD CAUSE which shall include, but is not limited to: (a) breaching the Agreement; (b) spamming or other abusive messaging; (c) using Enterprise Messaging in a way that adversely affects the Verizon Wireless network, its customers, or other customers; (d) allowing anyone to tamper with messaging applications in a manner contrary to the terms set forth herein; (e) any governmental body of competent jurisdiction suspends or terminates your service or institutes a requirement, ruling, or regulation that conflicts with this Agreement; or (f) operational or governmental reasons.

8. DISCLAIMER AND LIMITATION OF LIABILITY: CUSTOMER AGREES THAT ENTERPRISE MESSAGING AND EMAG ARE PROVIDED ON AN "AS IS" BASIS AND CUSTOMER'S USE OF ENTERPRISE MESSAGING AND EMAG IS ITS SOLE RESPONSIBILITY. VERIZON WIRELESS (AND ITS OFFICERS, EMPLOYEES, PARENTS, SUBSIDIARIES, AND AFFILIATES), ITS THIRD PARTY LICENSORS, PROVIDERS, VENDORS, AND SUPPLIERS, DISCLAIM ANY AND ALL WARRANTIES FOR ENTERPRISE MESSAGING, EMAG OR TEXT MESSAGE DELIVERY, WHETHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, NON-INTERFERENCE, AND THOSE ARISING FROM COURSE OF DEALING, COURSE OF TRADE, OR ARISING UNDER STATUTE. VERIZON WIRELESS DOES NOT WARRANT THAT ENTERPRISE MESSAGING OR EMAG WILL BE WITHOUT FAILURE, DELAY, INTERRUPTION, ERROR, OR LOSS OF CONTENT, DATA, OR INFORMATION. VERIZON WIRELESS SHALL NOT BE LIABLE FOR ANY FAILURE TO PROVIDE ENTERPRISE MESSAGING AND MAKES NO GUARANTEES THAT ANY TEXT MESSAGE WILL BE DELIVERED. NEITHER PARTY, NOR ITS AGENTS OR VENDORS, SHALL BE LIABLE TO THE OTHER PARTY, ITS EMPLOYEES, AGENTS, OR ANY THIRD PARTY FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES.

9. INDEMNIFICATION: Customer shall defend, indemnify, and save harmless Verizon Wireless and its successors, assigns, employees, and agents, and their heirs, legal representatives, and assigns from any and all claims or demands, including claims for bodily injury or death, or damage to property, arising from Customer's use of Enterprise Messaging or EMAG including reasonable counsel fees and costs.

11. SUBJECT TO CUSTOMER'S AGREEMENT: These terms supplement Customer's Agreement as it relates to Enterprise Messaging and EMAG and the terms of such Agreement, are applicable to Customer's use of Enterprise Message and EMAG. If there are any inconsistencies between these terms and Customer's Agreement, these terms shall control with respect to Enterprise Messaging.

Wireless Priority Service (WPS)

The calling plan below reflects the monthly access charge discount. No additional discounts apply.

Wireless Priority Service	
Discounted Monthly Access Fee	\$4.50
Discounted Feature Initiation Charge	\$10.00
Per Minute of Use Charge	\$0.75

NOTE: Wireless Priority Service Access (WPS Access) is subject to the plan details of your customer agreement and calling plan. A WPS Access function on a limited portion of the Verizon Wireless owned and operated 800/1900 MHz CDMA network, and is available only to individuals authorized by the Office of the Manager National Communications System (NCS). WPS Access provides end users with the ability to be placed into a queue for the next available wireless voice channel ahead of end users not subscribing to WPS Access. Verizon Wireless makes no assurances regarding waiting times associated with WPS, nor can Verizon Wireless ensure that WPS Access calls will be connected. The WPS Access charges, including the \$0.75/minute charge, are all in addition to the charges associated with your Verizon Wireless calling plan. Contact your Verizon Wireless representative for complete details on WPS Access.

Verizon Wireless Field Force Manager

Static IP – Isolated Pool w/Fixed End System (FES) [Internet Restricted]

Static IP – Isolated Pool w/Fixed End System (FES) [Internet Restricted] is NOT eligible for monthly access fee discounts.

Per eligible Calling Plan

Per Account Level Set-Up (One time fee)	\$500.00
Per Account New Connect Set-Up (One time fee)	\$1500.00

Public Safety Subscribers Account Set-Up: Verizon Wireless will waive all account set-up fees including both the \$1500.00 connection fee and the \$500.00 Static IP address fee for new Public Safety NationalAccess activations only.

Note: Subscribers that are placed into this pool will be limited to utilizing the Verizon Wireless Network for transport to and from their FES connections to the Verizon Wireless Network. Static IP addresses will be available on remote access, MB and Unlimited NationalAccess plans or features only. Fees may not apply in certain VPN environments. Fees are per account level (regardless of the number of IPs ordered) selecting Static IP and may apply in addition to \$1500.00 Connect Fee in certain configurations.

Static IP: Static IP addresses will be available on remote access, MB and Unlimited NationalAccess plans or features only. Static IP addresses may be reserved and should be assigned to the mobile numbers within 90 days. De-activated Static IP addresses will go into an "ageing pool" for 24 hours. After 24 hours, these Static IP addresses will be returned to reserved status for the account. Reserved Static IP addresses will be shown at the account level and can be viewed from the billing system. Feature activations will be stored in the "data warehouse" database along with the Static IP Address for reporting. A Static IP address is associated with the device's MDN (Mobile Dialing Number). Each time the subscriber initiates a data session the Static IP address that is associated with their MDN is assigned to their device for each session. Subscribers completing an ESN (Electronic Serial Number) change will retain their Static IP address.

Verizon Wireless Calling Plan and Feature Details

Verizon Wireless Calling Plan Optional Services. Additional fees may be required as per the individual calling plans.

Calling Plans and Associated Charges: Some calling plans or monthly access price points may not be available in all markets. Subscriber's first partial and full month's access will not be refunded after activation of the Wireless Service. Activation fees are waived for all Government Subscribers. Charges for calls will be based on the cell sites used, which may be outside the calling plan coverage area even when the Subscriber is physically within the coverage area. Time of the call is based on the telephone switching office that carries the call, which may be different from the time of day shown on Subscriber's phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to the next full minute. Unused minutes and/or Megabytes are lost. On outgoing calls, charges start when Subscriber first presses SEND or the call connects to a network, and on incoming calls, when the call connects to a network (which may be before it rings). A call may end several seconds after Subscriber presses END or the call otherwise disconnects. Calls made on the Verizon Wireless network, are only billed if they connect (which includes calls answered by machines). Billing for airtime and related charges may sometimes be delayed. Calls to "911" and certain other emergency services are toll-free and airtime-free, however, airtime may be charged when dialing toll-free numbers. All features may not be available in all Verizon Wireless markets.

Home Airtime and Roaming: Home airtime minutes apply when making or receiving calls from a calling plan's home rate and coverage area. Coverage information is available at www.verizonwireless.com. Airtime is rounded up to the next full minute. Allowance minutes/Megabytes are not transferable except as may be available on calling plans with sharing. Subscribers must periodically dial *228 to update roaming information. Automatic roaming may not be available in all areas and rates may vary. Roaming charges may be delayed to a later bill.

Long Distance: Unlimited domestic long distance is included when calling from the calling plan's home rate and coverage area, unless otherwise specified in the calling plan.

Customer's Cell Phone Number and Caller ID. Verizon Wireless will assign one Mobile Telephone Number ("MTN") to each Subscriber line. Other than as required to port an MTN, Customer does not have any property right in the MTN and Verizon Wireless may change, reassign, or eliminate an MTN upon reasonable notice to Customer under certain circumstances, including fraud prevention, area code changes and regulatory or statutory law enforcement requirements.

Verizon Wireless Calling Plan Included Features

Call Waiting ^{1,6}	Three Way Calling ^{1,6}
Call Forwarding ⁶	No Answer/ Busy Transfer ⁶
Caller ID ^{2,6}	Basic Voice Mail ^{3,6}
411 Connect sm ^{4,6} (Directory Assistance)	Basic TTXt Messaging ⁵

¹Airtime charges apply to all calls simultaneously.

²When making a call, Subscriber's MTN may be displayed to the receiving party with Caller ID capable Equipment. Caller ID service may not be available outside home airtime rate and coverage areas, and may not be compatible with certain enhanced features. Caller ID can be blocked for most calls by dialing *67 before each call, or by ordering per-line call blocking where available. Calls to some numbers, such as toll-free numbers, cannot be blocked.

³Airtime charges apply to message retrieval.

⁴411 Connect, directory assistance with automatic call completion is subject to a per call fee plus airtime charges. Directory assistance rates are subject to change.

⁵TXt Messaging offered at the prevailing rate, currently \$0.02 per inbound and \$0.10 per outbound message per address. TXt message charges are subject to change.

⁶Feature not included on NationalAccess and BroadbandAccess Unlimited or Megabyte (MB) calling plans at no charge, but are available at the prevailing Verizon Wireless rates.

Push to Talk: Push to Talk capable Equipment required. Push to Talk capable Equipment can only be used with a Push to Talk calling plan. **Subscribers switching from a Push to Talk Calling Plan to another calling plan will not be able to use Push to Talk capable Equipment with the new plan.** Push to Talk calls may only be made with other Verizon Wireless Push to Talk subscribers. Push to Talk Subscribers may initiate or participate on a call, simultaneously, with as many as 20 total participants (19 members per group plus the originator). Push to Talk groups must be established via the Push to Talk website prior to initiating a group call. Subscribers may establish as many as 50 group lists of up to 20 participants (19 members per group plus the originator). Existing Push to Talk Subscriber Equipment may require a software upgrade. Push to Talk is only available within the National Enhanced Services Rate and Coverage Area. There will be a delay from the time a Push to Talk call is initiated until the Push to Talk call is first received by the called party. A Push to Talk call will automatically time out after twenty (20) seconds of inactivity. While on a Push to Talk call, incoming voice calls will go directly to voice mail. When on a voice call, a Push to Talk call cannot be received. Network registration information will be sent to the Equipment each time it is powered on in the National Enhanced Services Rate and Coverage Area, each time the Subscriber travels into the National Enhanced Services Rate and Coverage Area, and every 12 hours if the Subscriber stays within the National Enhanced Services Rate and Coverage Area. While the updated network registration information is being sent to the Equipment, incoming voice calls will go directly to voice mail. Contact list cannot be modified from certain Equipment. Subscriber cannot prevent others who have the Subscriber's MTN from entering the MTN into their Push to Talk contact list. Only one person can speak at a time during a Push to Talk call. Push to Talk services cannot be used for (i) access to the Internet, intranets or other data networks, except as the device's native applications & capabilities permit, (ii) any applications that tether

Equipment to laptops, personal computers or other devices for any purpose. Please visit our website www.verizonwireless.com for additional Push to Talk information.

Mobile to Mobile: Mobile to Mobile minutes apply when making calls directly to or receiving calls directly from another Verizon Wireless Subscriber while in the America's Choice Home Rate and Coverage area. Mobile to Mobile does not apply to fixed wireless devices with usage substantially from a single cell site, for Push to Talk calls, if Call Forwarding or No Answer/Busy Transfer features are activated, or to data usage. Mobile to Mobile is not available to Subscribers whose current wireless exchanges restrict the delivery of Caller ID. Mobile to Mobile minutes will be applied before home airtime minutes.*

Night and Weekends: Applies to calls made in a calling plan's home rate and coverage area only during the following hours: 9:01pm Friday through 5:59am Monday and 9:01pm to 5:59am Monday through Friday.*

***NOTE:** If both Night and Weekend and Mobile to Mobile minute allowances apply to a given call, Mobile to Mobile minutes will apply before Night and Weekend minutes. However, if either allowance is unlimited, the unlimited allowance will always apply first.

TXT Messaging: TXT Messaging includes Short Message Service (SMS up to 160 characters) and Enhanced Messaging Service (EMS up to 1120 characters). Enhanced TXT Messages sent to most SMS handsets will be delivered as multiple TXT messages of up to 160 characters each. Subscribers have the option to have text messages disabled entirely without affecting voicemail or other related services. TXT Messaging plans do not include Operator Assisted Messaging or International Messaging, which is available for 25¢ per message sent and 10¢ per message received; see www.vtext.com for details and countries. Verizon Wireless is not responsible for information sent using TXT Messaging or Enhanced TXT Messaging. Verizon Wireless cannot guarantee that messages will be received and is not responsible for messages that are lost or misdirected. Messages not delivered after 5 days are automatically deleted. Airtime charges do not apply to the sending or receiving of text messages. When sending messages from Equipment, the sender's MTN will always be sent to the destination, even if Caller ID is used to block voice calls.

Mobile to Mobile Messaging: Cannot be combined with any other package that includes a TXT or PIX&FLIX allowance. Mobile to Mobile Messaging applies only to TXT/ PIX/ FLIX messages sent to and received from other Verizon Wireless Subscribers' phones, while both wireless Subscribers are within the National Enhanced Services Rate and Coverage Area. Additional messages apply to PIX Place, VTEXT/ TXT Alerts/ getAlerts, Instant Messaging (IM), Email, Premium Text Services, TXT/PIX/FLIX sent to non-Verizon Wireless customers, these messages will be decremented from the Subscriber's Additional Message allowance, or billed as overage. Additional Messages may not be applied toward International TXT Messaging, which cost 25¢ per message sent and 10¢ per message received; see www.vtext.com for details and countries.

Multi-Media Messaging (MMS): Multi-Media Messaging (MMS) includes Picture (PIX) and Video (FLIX) messaging and is only available within the National Enhanced Services Rate and Coverage Area. In addition to MMS charges, MMS uses calling plan home airtime minutes or kilobytes. Canceling an MMS after pressing SEND may result in sent messages that contain only partial content. Subscriber will be charged for outgoing MMS, even if not received by the intended recipient, or even if only partial content is delivered. Subscriber will not be charged for incoming MMS unless received. MMS that cannot be delivered within 5 days will be deleted. MMS is not available for use with a Mobile Office Kit. Camera phones are prohibited in some places. Subscribers are solely responsible for complying with all applicable laws, rules, regulations and policies regarding camera phone use.

International Long Distance: International Long Distance is available but may be subject to a 90-day payment history with Verizon Wireless. International long distance rates will vary and do not apply to calls to Canada, Puerto Rico, the U.S. Virgin Islands and some U.S. Protectorates, or to credit card or operator assisted calls.

Verizon Wireless International Long Distance Value Plan: Requires subscription to a qualifying calling plan and international dialing capability (I-DIAL). The ability to make international calls is not guaranteed and may be restricted without notice. Rates apply only on calls to Value Plan countries made from calling plan home airtime rate and coverage areas. If a calling plan includes calls to any Value Plan country, those calls will be billed per the requirements of the calling plan except when roaming on another carrier's network, in which case that carrier's rates will apply. Current international calling rates may be found at www.verizonwireless.com.

International Roaming (Global Phone): Availability of calling features and TXT messaging varies by country and network. Existing Subscribers who purchase a Global Phone may have to set up a new voice mailbox and, if so, will lose access to previously stored messages upon activation of Global Phone. Voice mail messages will be time-stamped Eastern Time. Calls to voice mail will appear on the bill as calls to the Subscriber's MTN. Actual availability of service in foreign countries may vary and is subject to change. Taxes and other regulatory surcharges may apply and may vary by country. While roaming on another carrier's wireless network, dialing rates and country availability may vary due to the roaming carrier's international dialing policies. Billing for airtime used when roaming may be delayed up to two billing cycles. By using Equipment outside the United States, Subscriber is solely responsible for complying with all applicable foreign laws, rules and regulations ("Foreign Laws"), including Foreign Laws regarding use of wireless phones while driving and use of wireless camera phones. Verizon Wireless is not liable for any damages that result from Subscriber's failure to comply with Foreign Laws.

Roaming in CDMA countries outside of the US: Roaming in CDMA countries is \$0.69 per minute and only in "CDMA" mode where service is available. An update to Equipment software is required to roam in S. Korea.

Roaming in GSM countries: CDMA/GSM Global Phone, activated in the United States with compatible Subscriber Identity Module (SIM) card required. Rates and plan details apply only when roaming on participating GSM networks in published Global Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive incoming calls (including return calls from emergency services personnel) may be restricted. Where TXT messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received. TXT messaging rates are subject to change. TXT messages cannot exceed 140 characters and may be sent only to MTNs of (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in international text messaging. Check www.vtext.com for the most current list of participating foreign carriers. TXT messages cannot be sent to e-mail addresses.

VZAccess and VZEmail (Mobile Broadband & Data Services)

VZAccess and VZEmail Calling Plans and Features: VZAccess includes NationalAccess (IXRTT) and BroadbandAccess (EVDO/4G) calling plans. VZEmail includes PDA/Smartphone and BlackBerry calling plans. VZAccess and VZEmail usage is subject to VZAccess Acceptable Use Policy, available on www.verizonwireless.com. VZEmail optional features may only be purchased in conjunction with eligible voice calling plan with a monthly access fee of \$34.99 or higher. Monthly Megabyte allowances apply only to NationalAccess and BroadbandAccess data transmissions. Other data (Quick 2 NetSM or dial-up) transmissions as well as voice calls will be billed at the per minute overage rate according to the VZAccess calling plan. For optional data features, "other data" will be billed as anytime minutes or at the per minute overage rate according to the underlying calling plan. When traveling outside the National Enhanced Services Rate and Coverage Area, Subscribers may be charged at the "other data" rate for data usage. NationalAccess data sessions require a NationalAccess capable PC Card, PDA, BlackBerry or handset with its compatible Mobile Office Kit, and must be placed within NationalAccess service area. BroadbandAccess data sessions require BroadbandAccess capable Equipment and must be placed within BroadbandAccess service area. PDA/Smartphone and BlackBerry users that move from a VZEmail plan or feature, or a Voice and Data Choice Bundle to another calling plan will not be able to use their PDA/Smartphone or BlackBerry on the new calling plan and will need to purchase or provide compatible voice Equipment to switch to the new calling plan. For current NationalAccess and BroadbandAccess service areas, please visit www.verizonwireless.com. All data sessions automatically terminate after 24 hours of activity and on unlimited calling plans after 2 hours if inactivity. Data session is inactive when no data is being transferred. Data session may seem inactive while data is actively being transferred to Equipment, or may seem active when it is actually cached and not transferring data. Subscriber MUST press or click END or DISCONNECT button to ensure that session disconnects and charges cease. Third-party applications may automatically reinitiate data sessions without the Subscriber pressing or clicking SEND or CONNECT button. Voice calls cannot be received when an e-mail or other data transmission is occurring. Voice calls are possible when NationalAccess data session is inactive; however, charges apply simultaneously to the data session and the voice call in accordance with the applicable calling plan. Voice calls are not available with BroadbandAccess. Customer must maintain virus protection when accessing the service. Customer is responsible for all charges, including all data sent and received and "overhead" whether or not Subscriber or recipients actually receive the data. "Overhead" is all data that is in addition to user-transmitted data, such as control, operational and routing instructions, error-checking characters and retransmissions of user-data messages that are received in error. VZEmail calling plans and optional features not available with PC cards or wireless modems, including wireless Equipment tethered to a PC. In order to use some VZEmail features and applications, Subscriber's PC (or server where applicable) must be powered on, able to receive e-mail, and have Equipment manufacturer software (BlackBerry Desktop, Wireless Sync or GoodLink) installed. If Equipment is turned off or if the Subscriber travels outside the NationalAccess service area, e-mail messages will be automatically stored for up to 7 days and forwarded when the Subscriber returns to the NationalAccess service area. Receiving e-mail attachments and graphics may be limited based on the Equipment model or software. With some Equipment, e-mails received may display only the first 2 kilobytes of information with additional 2 kilobyte increments delivered at the Subscriber's request.

Data Plans and Features Prohibited Uses: You may not use our Data Plans and Feature for illegal purposes or purposes that infringe upon others' intellectual property rights, or in a manner that interferes with other users' service, that violates trade and economic sanctions and prohibitions as promulgated by the Departments of Commerce, Treasury or any other U.S. government agency, that interferes with network's ability to fairly allocate capacity among users, or that otherwise degrades service quality for other users. Examples of prohibited usage include: (i) server devices or host computer applications that are broadcast to multiple servers or recipients such that they could enable "bots" or similar routines (as set forth in more detail (ii) below) or otherwise denigrate network capacity or functionality; (ii) "auto-responders," "cancel-bots," or similar automated or manual routines that generate amounts of net traffic that could disrupt net user groups or e-mail use by others; (iii) generating "spam" or unsolicited commercial or bulk e-mail (or activities that facilitate the dissemination of such e-mail); (iv) any activity that adversely affects the ability of other people or systems to use either Verizon Wireless' services or the Internet-based resources of others, including the generation of dissemination of viruses, malware, or "denial of service" attacks; (v) accessing or attempting to access without authority, the information, accounts or devices of others, or to penetrate, or attempt to penetrate Verizon Wireless' or another entity's network or systems; or (vi) running software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle or "any keep alive" functions, unless they adhere to Verizon Wireless' requirements for such usage, which may be changed from time to time.

Unlimited Data Plans and Features (such as NationalAccess, BroadbandAccess, Push to Talk, and certain VZEmail services) may ONLY be used with wireless devices for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). The Unlimited Data Plans and Features MAY NOT be used for any other purpose. Examples of prohibited uses include, without limitation, the following: (i) continuous uploading, downloading or streaming of audio or video programming or games; (ii) server devices or host computer applications, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing; or (iii) as a substitute or backup for private lines or dedicated data connections. This means, by way of example only, that checking email, surfing the Internet, downloading legally acquired songs, and/or visiting corporate intranets is permitted, but downloading movies using P2P file sharing services and/or redirecting television signals for viewing on laptops is prohibited. For the Unlimited Broadband Access plans, should a customer exceed 5 GB of data usage within a given month, Verizon Wireless reserves the right to limit data throughput speeds for the remainder of that month.

For individual use only and not for resale. We reserve the right to protect our network from harm, which may impact legitimate data flows. We reserve the right to limit throughput or amount of data transferred, and to deny or terminate service, without notice, to anyone we believe is using an Unlimited Data Plan or Feature in any manner prohibited above or whose usage adversely impacts our network or service levels. Anyone using more than 5 GB per line in a given month is presumed to be using the service in a manner prohibited above, and we reserve the right to immediately terminate the service of any such person without notice. We also reserve the right to terminate service upon notification to the customer.

Unlimited VZAccess and VZEmail: NationalAccess, BroadbandAccess, and GlobalAccess data sessions may be used for the following purposes: (i) Internet browsing, (ii) e-mail, and (iii) intranet access (including access to corporate intranets, e-mail and individual productivity applications like customer relationship management, sales force and field service automation). Unlimited VZAccess, VZEmail and Push to Talk services cannot be used (i) for uploading, downloading or streaming of movies, music or games, (ii) with server devices or with host computer applications, other than applications required for BlackBerry or Wireless Sync service, including, but not limited to, Web camera posts or broadcasts, automatic data feeds,

Voice over IP (VoIP), automated machine-to-machine connections, or peer-to-peer (P2P) file sharing, or (iii) as a substitute or backup for private lines or dedicated data connections. Additionally, Unlimited VZEmail services cannot be used for, (i) access to the Internet, intranets or other data networks, except as the Equipment's native applications and capabilities permit, or (ii) for any applications that tether Equipment to laptops or personal computers other than for use of the Wireless Sync or BlackBerry Solutions. Unlimited BroadbandAccess and NationalAccess data sessions automatically terminate after 2 hours of inactivity, unless Subscriber has Mobile IP (MIP) capable Equipment.

VZEmail Megabyte (MB) Data Plans: Megabyte allowance and charges for kilobytes over the monthly allowance apply to NationalAccess and BroadbandAccess data sessions and are rounded to next full kilobyte at end of each billing cycle. Only total of kilobytes transmitted above allowance each billing cycle may appear on bill.

VZEmail Server Software (Wireless Sync Enterprise Server, GoodLink Server & BlackBerry Enterprise Server (BES)): Verizon Wireless is not the licensor of the Wireless Sync Enterprise Server, GoodLink Server or BES Server and makes no representations or warranties whatsoever, either express or implied, with respect to such servers and associated software. The Wireless Sync Enterprise Server software is manufactured by Intellisync. The GoodLink Server is manufactured by, and sold separately by Good Technology. The BES software is manufactured by Research in Motion ("RIM"). Any license for such software must be obtained directly from the software manufacturer either upon purchase or installation of the software. Customer support for the Wireless Sync Enterprise Server, GoodLink, or BES software must be obtained from the software manufacturer. If Verizon Wireless in its sole discretion determines that a PDA or BlackBerry related inquiry from a Subscriber is related to the Wireless Sync Enterprise Server, GoodLink or BES software and not one concerning Equipment or desktop software, it may transfer the service request to appropriate representatives of the software manufacturer. When you use Microsoft's Exchange ActiveSync, Notify's NotifyLink, or Intellisync's Intellisync Mobile Suite, every time you receive an email or other update you may be charged for an incoming TXT Message. To avoid TXT Messaging charges, you can set up timed synchronization or manually initiate synchronization.

NationalAccess Roaming Feature: Not for use with Mobile Office Kits. Dynamic IP addresses will be assigned when roaming. Usage rounded up to next full kilobyte. For information on where NationalAccess Roaming is available, see www.verizonwireless.com.

GlobalAccess: Global PC Card required for international use. Global PC Cards will not work in the United States or Canada and GlobalAccess Subscribers will need a NationalAccess or BroadbandAccess PC card for domestic use. The domestic and Global PC Cards cannot be used at the same time. GlobalAccess Subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. Verizon Wireless reserves the right to terminate the service of any Subscriber whose total usage is less than half on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles. Verizon Wireless SIM Cards are for use only with the Global PC Card and only for the purpose of this service. Subscriber is responsible for any unauthorized use of its SIM Cards and must safeguard security codes. Upon termination of service, Subscriber must destroy SIM Card. By using your Global PC Card outside the United States, Subscriber is solely responsible for complying with all applicable Foreign Laws. Verizon Wireless will not be liable for any damages that result from Subscriber's failure to comply with Foreign Laws.

GlobalEmail: GlobalEmail capable equipment required. Verizon Wireless reserves the right to terminate the GlobalEmail service of Subscribers that have less than half of their usage on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles. SIM Cards are for use with GlobalEmail Equipment, and only for the purpose of GlobalEmail service. Customer is responsible for any unauthorized use of SIM Cards, and must safeguard security codes. Upon termination of service, please destroy any applicable SIM Cards. Subscribers using GlobalEmail outside the United States, agree that they are solely responsible for complying with all applicable foreign laws, rules and regulations ("foreign laws"). Customer agrees that Verizon Wireless is not liable for any damages that result from Subscriber's failure to comply with foreign laws. GlobalEmail Subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. TXT messaging billed at standard domestic and international TXT Messaging rates. Existing Verizon Wireless Subscribers migrating to GlobalEmail plans may be required to extend their Line Term.

Share Option

Share Option: Sharing is available only among Government Subscribers on applicable calling plans choosing the Share Option.

America's Choice for Business & Voice and Data Choice Bundles for Business Subscribers: (NOTE: Subscribers to America's Choice for Business and Voice and Data Choice Bundles for Business can share voice minutes across these plans and price points subject to some billing system limitations.). Sharing on these calling plans is for voice home airtime minutes only. Customer must maintain a minimum of five (5) Government Subscriber lines, all choosing a qualifying plan with Share Option. Sharing may only be available among Subscribers activating Wireless Service in the same Verizon Wireless market or group of markets (geographic regions may contain multiple Verizon Wireless markets). Sharing may require all Subscribers to be on the same billing account. Each sharing Subscriber's unused anytime minutes will pass to other sharing Subscribers that have exceeded their anytime minutes during the same monthly billing period (Mobile to Mobile minutes and Night and Weekend minutes do not share). Each sharing Subscriber's Monthly Home Airtime Allowance Minutes apply first to that line. Unused Monthly Home Airtime Minutes are then shared with other sharing Subscribers that have exceeded their Monthly Home Airtime Allowance in order of highest usage. At the termination of the Agreement, Government Subscriber lines on America's Choice for Business with Share Option may be migrated onto applicable retail consumer pricing or Government pricing. Calling plan changes may not take effect until the billing cycle following the change request. Based on the geographic location of Customer's Government Subscribers, some Customers may have to have sharing Subscribers activated in more than one Verizon Wireless billing system. Sharing among Subscribers in multiple Verizon Wireless billing systems requires online invoicing or reporting, and a minimum of one hundred (100) Government Subscribers all choosing the Share Option. Unused minutes for cross billing system sharing will be distributed proportionally as a ratio of the minutes needed by each sharing Subscriber to the total minutes needed by all sharing Subscribers. Accounts that share across Verizon Wireless billing systems require set up that may take thirty (30) to sixty (60) days.

M2M Data Plans and Feature Details

A data session is inactive when no data is being transferred, and may seem inactive while data is actively being transferred to a device, or seem active when actually cached and not transferring data. Customer must maintain virus protection when accessing the service and is responsible for all data sent and received including "overhead" (data that is in addition to user-transmitted data, including control, operational and routing instructions, error-checking characters as well as retransmissions of user-data messages that are received in error) whether or not such data is actually received. Verizon Wireless will not be liable for problems receiving Service that result from Customer's device.

Megabyte (MB) Data Plans: M2M data usage is rounded to next full kilobyte at end of each billing cycle. Any unused portion of the megabyte allowance is lost. Equipment will not indicate kilobyte usage.

NationalAccess Roaming Feature: Not for use with Mobile Office Kits. Dynamic IP addresses will be assigned when roaming. Usage rounded up to next full kilobyte. For information on where NationalAccess Roaming is available, see www.verizonwireless.com.

Roaming in CDMA countries outside of the US: Roaming in CDMA countries is \$0.69 per minute plus the servicing carrier's long distance charges, toll charges, surcharges and taxes, which are billed on a pass-through basis. Roaming rates in Canada and Mexico may vary. Roaming in CDMA countries is only available in "CDMA" mode where service is available. An update to Equipment software is required to roam in S. Korea.

Data Roaming: In the Canadian Broadband and Canadian Enhanced Services Rate and Coverage Areas, usage will be charged at a rate of \$0.002/KB or \$2.05/MB. In the Mexican Enhanced Services Rate and Coverage Area, usage will be charged at a rate of \$0.005/KB or \$5.12/MB. For more information on roaming in Canada and Mexico, visit verizonwireless.com/narooming. In the Bermuda, China, Dominican Republic, Guam, India, Israel, Saipan and South Korea Enhanced Services Rate and Coverage Areas, usage will be billed at a rate of \$0.02/KB or \$20.48/MB. I-Dial is needed to roam in many destinations. Only the Canadian Broadband Rate and Coverage Area supports EV-DO.

M2M Share

Share Options: Sharing is available only among Government Subscribers on applicable M2M Low Usage and High Usage calling plans. Customer may activate one (1) share group per profile (Low Usage and High Usage plans cannot share with each other); however, customer may have multiple bill accounts on the same profile. Sharing is available only among M2M Lines on the Mobile Broadband M2M Multi-Account Share Plans on the same profile, in the same usage group. Each sharing M2M Lines unused KBs will pass to other sharing M2M Lines that have exceeded their data allowance during the same monthly bill cycle. Unused KBs will be distributed proportionally as a ratio of the KBs needed by each applicable M2M Line to the total KBs needed by all sharing M2M Lines on the same profile. Customers subscribing to Mobile Broadband M2M Profile Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Account Share Plans.

Note: ¹A profile is defined as a Customer's overarching account of record under which Customer may have multiple billing accounts
